### **Tax Time**

It's time to count your inventory, whether it be livestock, cups or shoes! Make sure you have a number on your stock for the end of 2022.

Good luck!

### **PAYG Summaries and Accounts**

We know a lot of businesses are struggling to ensure that their Profit and Loss reports are reconciling correctly with their Balance Sheets and STP reports, whilst also making sure their electronic and payroll clearing accounts are empty. If you're in the same boat, contact us and ask for

Brittany, our payroll specialist!

She will be happy to help you.

Also, final reminder to all - superannuation is going up to 10.5% starting the 1st of July 2022. Don't forget to keep an eye on your systems and payslips.

We would also like to take this opportunity to let you know that we will not be in the office on Friday the 1st of July as we will be celebrating the end of 2022 and welcoming in the new challengers from 2023.

Have a great day and enjoy the last of your 2022 financial year.

Kind Regards,  
SC Accounting team.
